

## PAYMENT INSTRUCTION

Upon confirmation of your admission online you will be shown the **school fees form**, which allows you to make known to us your payment preferences;

Note that the school management will allow any of three types of payment plans for your school fees namely;

- Full payment ( All fees inclusive)

Do take the time to consider these options, and then make your choice accordingly;

Also on the fees form you will have optional services with their corresponding fees which you are expected to consider carefully, for your convenience;

Having made all of your choices known on the **School fees form**, you will submit the form, and then a summary of your fees will be shown to you. This is your **school fees schedule**;

You are required to print out two (2) copies of your school fees schedule which you will take along to the designated bank when going to make payment;
